PROFESSIONAL EXPERIENCE

Training Support Staff — Full-Time | Hommaston Limited, Lagos (Jan 2026 – Present)

- Coordinate training operations, including participant onboarding, scheduling, LMS administration, assessments, attendance, documentation, reporting and post-training support.
- Contribute to the delivery of more than 100 training sessions or programmes through participant onboarding, learning-platform administration, assessments and operational coordination.
- Prepare programme trackers, reports, presentations, learning materials and business documents using Microsoft 365 and Google Workspace.
- Deliver Microsoft Office and digital productivity training; facilitate introductory UI/UX sessions covering design principles, user experience concepts, research basics and digital design tools.
- Conducted an AI needs assessment across a 23-member workforce and contributed to a 90-day AI and productivity adoption roadmap.
- Support AI adoption and workflow improvement through practical use of ChatGPT, Google Gemini, Microsoft Copilot, and related productivity tools.
- Introduced the Jobberman-hosted Mastercard Foundation Associates Programme opportunity to management, contributing to Hommaston's participation and Associate allocation.
- Awarded "Most Outstanding Intern (2025)" — Hommaston Limited, before transitioning into full-time employment.

Project Support Intern / Lagos Training Coordinator — NCDMB Project 350 | Hommaston Limited, Lagos (Aug 2025 – Dec 2025)

- Coordinated approximately 3–5 training programmes, managing participant and facilitator communication, logistics, attendance, schedules and daily training activities.
- Maintained programme trackers, records, documentation and reports to support project monitoring and accountability.
- Provided training coordination support for programmes delivered in Lagos and other states, helping resolve operational issues and keep activities on schedule.

Training Intern | Hommaston Limited, Lagos (Sep 2024 – Dec 2024)

- Administered learner onboarding, participant communication, attendance records, assessments, LMS updates and training logistics.
- Prepared digital documentation and supported facilitators and senior training staff in day-to-day programme delivery.

Founder & Freelance Digital Consultant | Henalo Digital Enterprise, Lagos (2025 – Present)

- Designed and deployed 5+ websites for individuals and businesses, translating client requirements into digital solutions from concept through implementation.
- Created ATS-focused CVs, professional profiles, portfolios and career documents for clients.
- Produced brand identities and marketing assets — including logos, flyers, banners and business documents — for SMEs.
- Provide digital consulting across website development, branding, AI productivity, business documentation and workflow improvement.
- Build AI-assisted productivity workflows using ChatGPT, Google Gemini, Microsoft Copilot and Google Workspace.

Business Operations & Digital Development | FeedCore Agro Limited, Lagos (2026 – Present)

- Supported CAC incorporation and business documentation, helping establish the company's operational and digital foundations.
- Developed brand identity and marketing materials, including logos, flyers, banners, signboards and promotional content.
- Set up the company's Google Business Profile and online business presence; created customer-facing materials and digital templates.
- Maintain and organise inventory, purchasing, sales and administrative records using spreadsheets and business documents.

Branch Sales Manager | Great Lots Nigeria Limited, Lagos (Sep 2019 – Jun 2021)

- Managed day-to-day branch sales activities, customer enquiries and complaints, and customer relationship follow-up.
- Coordinated branch operations, monitored inventory and maintained sales and operational records.
- Worked with staff to support sales objectives and resolve customer and business issues.

Salesperson | Topguide Electrical Company, Lagos (May 2017 – Jan 2018)

- Guided customers in selecting electrical products based on requirements and budget, explaining product features and specifications.
- Handled customer enquiries, supported purchasing decisions and maintained positive customer relationships.

LEADERSHIP & COMMUNITY EXPERIENCE

Special Adviser — Publicity & Media | NASS LASUED (2025 – 2026)

- Advised executive leadership on publicity, branding, media and communication strategy for association programmes and partnerships.

Pioneer Public Relations Officer (PRO) | NASS LASUED (2023 – 2025)

- Helped develop NASS LASUED's first constitution and managed communications for a community of 3,000+ students.
- Coordinated publicity campaigns, social media communication and stakeholder-facing information.

Media Team Lead | Science Tech Summit (STS), LASUED (2023 – 2026, 1st – 4th Edition)

- Led content creation, event publicity, social media communication and media coverage across four summit editions.
- Contributed to audience growth from 500+ participants to 1,500+ attendees across summit editions.

EDUCATION

- Bachelor of Science (B.Sc.) – Statistics | Lagos State University of Education (LASUED) | Completed
- Bachelor of Science (B.Sc.) – Business Administration | University of the People (Online) | In Progress
